FLOURÉ
INSPIRED BY THE 1920s

FLOURÉ COLLECTION

THE FLOURE STORY

Inspired by the youth movement of the 1920's , Votivo's Floure Collection reflects the blossoming fashion and cultural freedom that permeated the 'Roaring 20's'. With 5 fragrances having origins from classic scents of the early 1900's and a ceramic container reminiscent of the iconic flapper dress, Floure reminds us, it's our time to reinvent history. Our time to shine. It's our time to flourish.
